

# 100 Women Charitable Foundation

Double your gift with a Corporate Match. Many companies will match your contribution dollar for dollar. It's a simple and easy process and it raises thousands of dollars for the Foundation.

To generate a matching grant, check with your company to see if they have a corporate matching gift program. If they do, the next step is to apply for the matching gift.

This can be done by either filling out a paper form or on-line form, both available through your Human Resource Department.

When filling out the application, please enter 100 Women Charitable Foundation as your organization name. If using a paper form, complete the employee section. If you don't see your employer on the list, please ask your Human Resources Department whether your company participates. Apply for a matching gift with your employer soon. Some companies have 90 day application periods.
